The award winning documentary which led  
to the best selling book and cult film

## **THE RAILWAY MAN**

More than 40 years after he had been tortured by the Japanese  
whilst a prisoner of war building the infamous Thai/Burma railway,  
Eric Lomax comes face to face with one of his interrogators.

Emotions run high as he struggles to forgive a man  
who has also had to live with his own demons.

An outstanding documentary which captures a poignant human story.

**ENTRANCE FREE**
